

M6 Stage 1

Site investigations at Ador Park Precinct and McCarthy Reserve, Rockdale from Monday 10 August

We will be carrying out site investigations to provide important information to help us build your new and upgraded community facilities as part of the M6 Stage 1 project.

Our construction activities will have a temporary impact on open space and the recreational facilities at Rockdale Bicentennial Park.

We understand how important this area is for you and have recently engaged a contractor to upgrade the existing facilities at Ador Park and McCarthy Reserve, Rockdale and Brighton Memorial Playing Fields, Brighton-Le-Sands.

Work to establish the site is expected to start in the coming weeks. We will continue to keep you informed prior to work starting.

What does our work involve?

The investigations involve surveying, sampling the soil and scanning the ground to locate underground utilities.

We will use light vehicles, survey tripods, scanning equipment, drilling equipment, an excavator and hand tools to complete this work.

Our work schedule

Our work will take up to six weeks to complete, weather permitting.

A map of our work area is shown over the page.

Our work hours are:

7am to 6pm, Monday to Friday

How will our work affect you?

We will need to use an excavator and drilling equipment to dig in the ground, so we expect there to be some light noise associated with our site investigations.

We will also help to reduce noise by using low-noise reversing alarms on all machinery and by turning off equipment and vehicles when they are not being used.

Once work is complete, we will reinstate the area by replacing soil and relaying grass. This may lead to raised ground levels in some areas for a short period of time so please be careful.

Supporting our community

Currently infrastructure construction projects are considered essential to the economy and will continue as planned across the city and the state.

The M6 Stage 1 project will deliver 5,300 jobs and support the local economy.

The safety and wellbeing of our workforce and the wider community is our highest priority. Our people are following hygiene and appropriate social distancing measures and will continue to do so.
