

M6 Stage 1

Construction site offices for the recreational facilities at Rockdale and Brighton-Le-Sands

The M6 Stage 1 will connect President Avenue at Kogarah to the M8 at Arncliffe, connecting southern Sydney to the wider motorways network.

Our construction activities will have a temporary impact on open space and the recreational facilities at Rockdale Bicentennial Park.

We understand how important this area is for you and are committed to upgrading existing facilities at Ador Park and McCarthy Reserve, Rockdale and Brighton Memorial Playing Fields, Brighton-Le-Sands before construction M6 stage 1 construction starts.

We expect to start work to upgrade the facilities in August this year.

Construction site offices

We will use three vacant houses at 65, 67 and 69 O'Neill Street as site offices for our team and contractors during the construction of the recreation facilities. These houses are owned by Transport for NSW.

Our workers will only use these houses for office work and parking light vehicles. We will not store equipment, machinery or materials at the houses or in the yards.

We expect to start using the houses from July 2020 and we will start by making some minor changes to the yards, so that workers can park on site, instead of on the street. We will notify you before this work starts.

Our site office hours

Our work hours at the properties will be consistent with our approved construction hours:

7am to 6pm, Monday to Friday

8am to 1pm, Saturdays

No work will take place on Sundays or public holidays.

Supporting our community

Currently infrastructure construction projects are considered essential to the economy and will continue as planned across the city and the state. The M6 Stage 1 project will deliver 5300 jobs and support the local economy.
